The College Years - My 4-Year College Graduation Strategy (4)

I've been admitted. I am enrolled. This is only half the battle, (5.5 years = current average # years to graduation). Guidance through graduation from college – with a focus on creating your customized [plan to graduate in four years or less](#):

- ☑ Strategies for smooth first year transition.
- ☑ **Academic advising for course selection, majors & minors, internships, research opportunities, etc.**
- ☑ Course scheduling, sequencing and degree audit advising
- ☑ **Customized 4-Year Graduation Road Map**
- ☑ Strategic use of Rule 120/126 tuition banding cost reduction strategies.
- ☑ Navigating academic processes - academic calendars, drop/add and withdrawal, changing majors, etc.
- ☑ **Financial management - financial aid, budgeting, debt management, scholarships, hidden cost savings, etc.**
- ☑ Time management strategies.
- ☑ Graduate or professional school research, matching, & admissions advisement.
- ☑ **Special Talent/Need considerations – impact on enrollment (if applicable).**
